FAITH & MONEY MATTERS

Learn to grow in faith with gaining control of your money!..

A Bible study that dives deep into money management from a Catholic viewpoint.

DATE, TIME, LOCATON

FOR MORE INFORMATION

Over the course of six weeks, participants learn:

How to create a spending plan.

How to get out of crushing debt.

How to start saving and investing for long term financial wellbeing.

Most importantly, they learn how financial discipleship can change their lives!

“At one level this study is about making sensible judgements concerning the use of money and having a conviction about God’s presence in our life, even our financial life . . . but at another level, it is about becoming a true missionary, a true disciple of Christ.”

-Fr. Tim Thompson
